KICK IT OUT! ARSENAL FANS SAY NO TO RACISM

AISA campaigns against all forms of discrimination and racism in football. For us the only colour that matters is that of the players' shirts. Racism is on the decline in professional football, and we are proud that Arsenal is at the forefront of this work.

However, fans, ethnic minority communities and players are still racially abused, and football's annual anti-racism week offers us all the opportunity to say that racism is unacceptable, and that racists are not welcome at The Emirates Stadium.

Christine Langton from AISA's anti-racism committee says:

"Arsenal provides a fantastic inspiration for young people in London, both on the pitch and through their work in the community. Together with Arsenal we pledge to oppose racism wherever it occurs, whether in our own stadium or elsewhere."

To report discrimination in any footballing environment call FREEPHONE 0800 1699 414 or email info@kickitout.org
